- I currently have SEVEN active LLCs & K-1s

What our clients are saying:

“Aaron has been coaching our business for the past 24 months. As an engineering firm doing \$1.2m gross sales per year, we’ve utilized Aaron’s expertise and business insights regularly to adjust how we do business here at Team4. Our ownership even voted to put him on our board of directors 2 years ago for the value of his vision and experience. This year alone, just one piece of advice and direction from him that we’ve implemented, has saved us upwards of \$50,000 to the company’s bottom line! I can’t speak highly enough about having Aaron as your business coach. It’s saved and grown our company in more ways that we could count.”

– Matt Rasmussen, Owner @ Team4 Engineering

“Aaron has a unique coaching style that I sincerely appreciate. He can vision with you at the 50,000-foot level, and he can get down into the weeds on the technical nuances too. It’s a rare and valuable pairing to have on your business mentorship team. He is an active listener, empathetic when needed, but will absolutely hold your feet to the fire in a tough-love approach when needed. He’s the best accountability partner I’ve ever had as a newer business owner who is learning the ropes as we grow our firm. I don’t know what we’d have done without Aaron joining us as a business coach and mentor to our organization.”

– Kevin Biggs, General Manager

What our audiences are saying:

"Murphy is one of the most engaging and entertaining speakers I've ever seen on stage, tackling such challenging and pertinent subject matter.

**Truly timely and informative.
A real 'eye opener' to see him present!"**

**Dr. Patrick Roden

"...Yours was one of my favorite presentations at the conference. It was clear, easy to follow and not self-serving or commercial like some of them. I thought you used humor to great effect I look forward to hearing from you and am intrigued by your thought about collaborating."
